

Paperless Printing

e-paper printing solutions

THROW AWAY YOUR PRINTER AND EMBRACE THE FUTURE

The new e-paper printer:

-  Connects to a computer via USB-interface
-  Is automatically recognised as a USB-printer
-  Stores all printed documents
-  Reads like normal paper
-  Enables password protection on classified documents
-  Reduces printing costs
-  Enables a paperless office: Reduce the environmental impact of your business

PROVINCIE FLEVOLAND

Dit project (e-paper printer) is mede gefinancierd met steun van het Europees Fonds voor Regionale Ontwikkeling van de Europese Commissie
